

We welcome suggestions from Association members to the Nominating Committee. After reviewing potential candidates thoroughly, (including references), the Nominating Committee will decide which candidates to interview and place in nomination. Please pray for the committee during this process.

Our constitution states that nominees “must be faithful members or in active fellowship with a church or assembly whose doctrine is in agreement with these articles.” They must have an understanding and commitment to Christian education. Nominees should have a sincere devotion to the Word of God, an ability to work with Christians of other denominations, and the ability to make judicious decisions based upon the facts and spiritual insights.

It is not necessary to contact the person you suggest, in case that person is not selected to be a candidate.
