

Introducing

We're excited to announce our new school management system – RenWeb **School Management Software**. We're in the process of setting up RenWeb's **ParentsWeb** – a private and secure parents' portal that will allow parents to see academic information specific to their children, while protecting their children's information from others.

All you need is an Internet-capable computer to view information such as:

- Attendance
- Daily Grades
- Progress Reports
- Report Cards
- Transcripts
- Lesson Plans
- Discipline
- Homework
- Missing Assignments
- School Calendar
- School Announcements
- Staff and School Directory
- Family Account Balances
- Teacher Email Addresses
- Teacher Websites
- Customized Web Surveys and Tests
- Other Useful School Information

RenWeb has created a 5 minute [ParentsWeb Overview video](https://vimeo.com/126932181), which will give you an introduction to the system. Please watch it at your convenience by logging into the following link: <https://vimeo.com/126932181>. The password to access the video is **ParentsWeb**.

Once we have ParentsWeb up and running, we'll provide you with instructions for logging in and viewing information. We look forward to your participation. Together we can improve our children's academic development and the communication between our school and your home.
